

Please find below information regarding your entry to **Metropolitan France**:

The country color code has been used to reflect the information available from the [French Ministry of Interior](#), and please find here below the summary of this situation to date with 3 main categories:

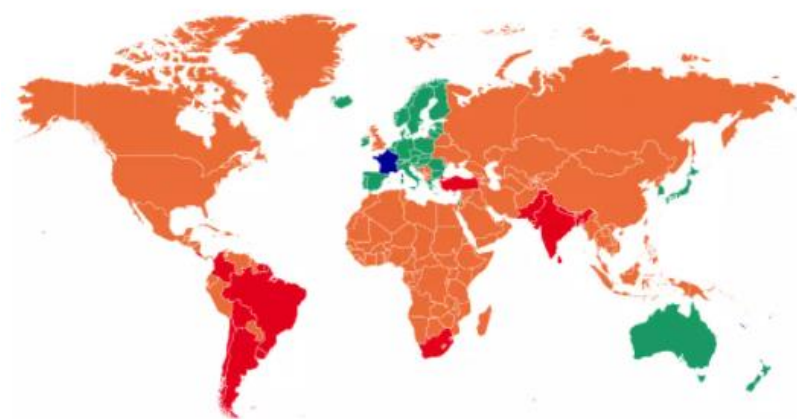

- Group 1:**
 Travelers arriving from countries without need of a selfisolation or quarantine in France or Monaco. Documents to be presented upon arrival to transit to Monaco easily (via private transfer organized by the FIA): **ACM invitation letter that the FIA will send you one week prior the event, a confirmation of your hotel reservation in Monaco, a proof of a negative PCR test and a sworn statement attesting the absence of symptoms of covid-19 infection and contact with a confirmed case of covid-19** (Optionally: a proof of vaccination/vaccinal passport if applicable).
- Group 2:**
Vaccinated travelers (a certificate must be provided) arriving from countries without need of a selfisolation or quarantine in France or Monaco and no compelling reason required. Same documents as for Groupe 1 will have to be presented on arrival.
Unvaccinated travelers from those countries are normally subject to 7 days selfisolation in France. However, in Monaco no quarantine nor selfisolation are required. As a result, the same documents as for Groupe 1 should enable to transit from Nice airport to Monaco via private transfer organized by the FIA. In addition, as a compelling reason must be given to enter Metropolitan France, the FIA will provide **a letter from the FIA** with the emphasis on the compulsory notion of participation to the conference which should also facilitate the obtention of visas.
- Group 3:**
 Travelers arriving from countries which are normally not allowed to enter EU/Schengen area or allowed to enter under exceptional circumstances subject to a quarantine of 7 days (if vaccinated) or 10 days (if unvaccinated) on arrival. For this Group, a quarantine of 7 days is normally required in Monaco but can be replaced by a commitment to take a PCR test 24hrs after arrival, and 5 days after (organized by the FIA at the Conference venue). Therefore, the same documents as for Groupe 1 should enable to transit from Nice airport to Monaco via private transfer organized by the FIA. Before arrival, the FIA will provide you in addition to the mention documents above **a letter from the Monaco government** with the emphasis on the compulsory notion of participation to the conference to facilitate the obtention of your visas, as this might be a challenge for you, and entry to Metropolitan France;

Group 1	Group 2	Group 3
Andorra	Albania	Argentina

Please find below information regarding your entry to **Monaco measures:**

As for the [requirements in the Principality](#), we would like to remind that anyone, whatever their nationality, who enters the Principality and comes from a foreign country must be able to justify, in the event of a control by the Monegasque authorities, the negative result of a PCR test, carried out less than 72 hours before arriving in the Principality.

MORE INFORMATION

These requirements are re-assessed regularly by the French and Monegasque authorities, and we will update you should there be a change before the Conference.

Complimentary transfers will be offered from/to Nice International (NCE) Airport to the FIA official hotels located in Monaco, and should you wish to benefit from these transfers, please kindly share by return email your arrival and departure flights details with dates.
