BUILDING CONSERVATION

Maximising Environmental Performance of Traditional Buildings

21st April 2021 | Online | [URL]

OVERVIEW

The 2021 CIOB Conservation Conference will focus on sustainability in relation to heritage and traditional (pre-1919) buildings and dealing with Climate Change.

All too often the potential for improving the environmental performance of our heritage and traditional building stock is dismissed owing to a lack of understanding, perceived technical difficulties and legislative blame. This myth will be unpicked in the presentations which showcase best practice, retrofit standards, science and the latest research, whilst the 'unexpected consequences' of inappropriate interventions to traditional buildings will also be highlighted.

High profile speakers will set out what is possible with so-termed 'hard to treat' buildings, in terms of understanding and approach, through a wide range of perspectives and case study examples.

	PLATINUM £7,500+VAT	GOLD £2,500+VAT	SILVER £250+VAT	BRONZE £100+VAT
OVERVIEW	Includes a plenary presentation	Includes a breakout discussion session	Online exhibition space	Logo placement across event
