

Innovation Talks: A Way Forward for Industry

An Action Plan for a Disrupted World

	Day 1: Workforce Empowerment	Day 2: Operational Agility	Day 3: Efficiency and Profitability
Keynote (30 mins) 1.00pm AEST 9.00am CEST 2.00pm EST	A Way Forward for Industry <i>Peter Herweck</i> The current situation is unprecedented and on a scale unseen for generations. The impact on industry is significant and direct. Join us to learn practical steps you can take right now to build operational resilience. Together, we'll chart the way forward..	Lessons Learned from a Disrupted Supply Chain <i>Mourad Tamoud</i> Schneider Electric will share our own experiences, best practices, and learnings for navigating a highly-disrupted supply chain.	Safeguarding Profitability <i>Sophie Borgne</i> Cost containment is an important financial strategy to get through lean times. Learn ways to offset revenue loss through reduced energy consumption and process improvements.
Session 1 (30 mins) 1.30pm AEST 9.30am CEST 2.30pm EST	Remotely Managing Operations <i>Sophie Borgne</i> Learn how operators continue to adjust processes and make informed decisions to drive efficiency even when access to the physical plant is restricted or not desired.	Increasing Flexibility and Agility <i>Ali Haj Fraj / Bart Van Quickelberghe / Uwe Stebani / Stefaan Herman</i> As market dynamics and consumer behavior undergo drastic changes, learn how to improve agility and conduct faster setups and production changeovers.	Doing More with What you Have <i>Mike Jamieson</i> Learn practical tips you can implement now to improve the overall equipment effectiveness of your plant, reduce operating costs, and extend asset lifecycles.
Session 2 (30 mins) 2.00pm AEST 10.00am CEST 3.00pm EST	Cybersecurity in the New Normal <i>Nathalie Marcotte / Jay Abdallah</i> Today more than ever, companies need to ensure cybersecurity is top of mind as they navigate the new normal. Learn how reducing cybersecurity threats and risks to your operations can improve business continuity and your prospects for long-term recovery.	Keep the Plants Running! <i>Kim Custeau</i> Now more than ever, you need to make sure assets are always available for production when needed, avoid unplanned downtime, and use services and maintenance resources efficiently.	The Importance of Collaboration <i>Philippe Rambach / Monique Elliott / Luke Stevenson</i> No one company can navigate a crisis alone. Persisting in this new world requires an extended ecosystem of partners collaborating to succeed. Learn how to leverage the expertise of your partner ecosystem to find your way forward.
Virtual Tour (30 mins) 2.30pm AEST 10.30am CEST 3.30pm EST	Workforce Empowerment: a virtual tour of our smart factory in Indonesia <i>Wiranata Suganda / Budi Sulistiarto</i>	Operational Agility: a virtual tour of our smart factory in Indonesia <i>Wiranata Suganda / Budi Sulistiarto</i>	Efficiency and Profitability: a virtual tour of our smart factory in Indonesia <i>Wiranata Suganda / Budi Sulistiarto</i>

Innovation Talks: A Way Forward for Industry

An Action Plan for a Disrupted World

Day 1: Workforce Empowerment (23/6/2020)

Start time	Name	Description	Speaker
1:00pm AEST 9:00am CEST 2:00pm EST	A Way Forward for Industry	The current situation is unprecedented and on a scale unseen for generations. The impact on industry is significant and direct. Join us to learn practical steps you can take right now to build operational resilience. Together, we'll chart the way forward.	Peter Herweck
1:30pm AEST 9:30am CEST 2:30pm EST	Remotely Managing Operations	Learn how operators continue to adjust processes and make informed decisions to drive efficiency even when access to the physical plant is restricted or not desired.	Sophie Borgne
2:00pm AEST 10:00am CEST 3:00pm EST	Cybersecurity in the New Normal	Today more than ever, companies need to ensure cybersecurity is top of mind as they navigate the new normal. Learn how reducing cybersecurity threats and risks to your operations can improve business continuity and your prospects for long-term recovery.	Nathalie Marcotte Jay Abdallah
2:30pm AEST 10:30am CEST 3:30pm EST	Workforce Empowerment: a virtual tour of our smart factory in Indonesia	Take a virtual tour through our smart factory in Batam, Indonesia, to understand how we have empowered our workforce with digital tools to improve productivity and operational efficiency.	Wiranata Suganda Budi Sulistiarto
