### 1.2 How to join the Webex Meetings Session

1. After clicking the "Join" button the automatically download of the App should start or a pop-up will appear on your screen.

#### 1.2.1 How to join via the App

We recommend using the App as the connection is usually more stable as with the browserversion.

You can install the App as following:

1. Click on "Run" to download and install the App. Click on the downloaded program in the right corner or click on "run installation" depending on the browser.

2. Afterwards the installation will take a few minutes...

#### 1.2.2 How to join via Browser

We recommend using the App as the connection is usually more stable as with the browserversion.

If the installation of the App is not possible on your Laptop or PC you can also join the sessions via your browser. We recommend using Firefox, Chrome or Microsoft Edge.

1. Therefore, click on "Join from your browser".
