

SANITARY PLAN COVID-19

We rely on a comprehensive sanitary plan which comprises three dimensions:

- Screening measures
- Mitigation measures
- Keeping distance

SCREENING MEASURES

Before the event

FULL REGISTRATION OF ALL PARTICIPANTS

All guests will be already registered in advance.

ABILITY TO ATTEND FORM

During the registration to attend the event, the delegates will agree to fill the «Ability to attend form». The purpose of this form will be to confirm their participation status at the event. In particular, their declaration must be based on the «Self-assessment form» and must be returned to the FIA.

PCR NEGATIVE TEST BEFORE ARRIVAL ON SITE

- During the registration to attend the event, the delegates will agree to do a test to detect the Covid-19 virus within 4 days before traveling on site and to acknowledge the sanitary protocol during their stay.
- Please note that the status declared in the document «Ability to attend form» will be definitively confirmed once you have received the results of the PCR test.
- If a delegate is travelling with a partner, the same protocol will be implemented.

On site

TEMPERATURE CHECKS

Temperature measurements at the entrance of each meeting rooms and common shared spaces where need it. Temperature threshold to allow access <37.5°C.

MEDICAL SERVICE

Health professionals will be on duty at all times. A rapid PCR test device will be on-site.

MITIGATION MEASURES

FACE COVERING OBLIGATION

Wearing a face covering will be mandatory in the venue as well as in the meeting rooms. Guests who won't have their own face covering will be provided with one.

CLEANING AND DISINFECTION

- We will provide all participants with hydroalcoholic individual solutions. Please use it frequently.
- We will place hydroalcoholic dispensers in every needed point and at the entrance of all meeting rooms. Surfaces that will be regularly touched (e.g. welcome counters, before the entrance of the meetings, tables, handrails, touch screens) will be regularly disinfected.
- The sanitary facilities of the hotel will be cleaned at high frequency. Hand washing and disinfection facilities will be provided at frequent intervals.

SUFFICIENT VENTILATION

The hotel will be equipped with efficient ventilation systems.

CONTACTLESS WAY

Door systems other than fire doors will be permanently opened to reduce contact with surfaces.

KEEPING DISTANCE

MAINTAIN SOCIAL DISTANCING

It is a clearly key point to avoid the spread of the virus. We ask all the delegates to make sure, as much as they can, to keep required distance with each other.

NO-HANDSHAKE POLICY

Please do not shake hands and avoid any physical contacts.

NETWORKING

- If a participant wishes to go out of the hotel, we will recommend that he does so with members of the FIA delegation only. Contact with non-prettested persons should be avoided.
- The spaciousness of the indoor and outdoor areas will allow for networking and exchange of ideas while maintaining minimum distances.

GENEROUSLY PROPORTIONED SPACE

- We will always ensure that a minimum distance of 2 meters will be maintained in each meeting rooms and circulation area.
- To protect all participants, we will adjust the seating and the number of seats. In meeting rooms, standing will not allowed. Where necessary, we will determine separate entrance and exit.

Attendance at the Annual General Assembly and Prize Giving is entirely voluntary. It is acknowledged by all who decide to attend that the measures outlined serve only to mitigate the spread of infection and provide no guarantee against the occurrence of positive cases of COVID-19 during the event
